SUBJECT TO MARKET CHANGES: CONFIRMATION

You can buy anything from a farm seed, fertilizer, truck implements, radio, to a suit of clothes on credit or time payments, and it appears an easy way of buying. However, don't overlook that all credit service of any kind costs money and you pay for it. Not only your own part but also your share of the average expense of all credit buyers (both good and bad) for interest, collection costs, credit risks, losses, uncollectible accounts and bad debts. Good credits pay for and carry the poor ones.

This list is for cash with order and cash only. Do not ask for credit. All seeds are new crop, high germination and of the highest quality. Fill in the handy order blank and enclose your check or money order. Your own good business judgment will show you that from the reasonable prices, you will be paying for your own seed and not for the losses on bad accounts, etc.
